BOX 128 — Interest from Canadian Sources

BOX 173 — Canadian Exploration Expenses

BOX 174 — Canadian Development Expenses

BOX 175 — Canadian Oil and Gas Property Expenses

There may be other boxes on your T5013 that contain information but do not have to be entered on your tax return.

This tax filing guide has been provided to assist you in claiming your 2014 tax deductions from your investment in a Maple Leaf Oil & Gas Income Limited Partnership or a Maple Leaf Energy Income Limited Partnership ("Maple Leaf" or the "Partnership.")

This guide should not be considered as tax advice. Maple Leaf strongly recommends you consult with your professional tax and/ or investment advisor to determine the appropriate use of tax deductions and other tax considerations.

Please refer to the inside sample T5013 found in this guide. The figures provided in your personal T5013 need to be inserted in the applicable sections of your T1 General and related schedules. Forms referred to in this booklet (T1 General Return, Schedule 3, Schedule 4, T1229, T5004) are available for download through the Canada Revenue Agency (CRA) website www.cra-arc.gc.ca or on the Tax Reporting page of our website, www. MapleLeafFunds.ca/RoyaltyIncome

NOTE:

You will receive a T5013 for each limited partnership you own and for each year the partnership is active. In some cases, you will need to sum the amounts from your T5013s before inserting them into the appropriate place on the tax schedule. If you are using a software program, each T5013 should be entered separately.

NOTE: CARRY FORWARDS

Further on claiming resource expenses the calculations used in Section II and III of your Form T1229 take a little more thought due to the fact that CEE, CDE and COGPE amounts need not be used immediately and they can be carried forward and used in future years. Likewise, the current year's return could reflect unused amounts carried forward from earlier years. The CCEE column, CCDE column or COGPE column of Section II may require investors to check their returns from the previous year to see if there is unused CEE, CDE and COGPE from previous years. If there is an amount that has not been claimed, it may be entered on line 1 – "Balance at the beginning of the year." The current year renunciation goes on the second line of this section, and flows down to the bottom of the CCEE, CDEE or COGPE columns.

NOTE: MULTIPLE INVESTMENTS

If you have more than one resource investment, you will need to include all (CEE), (CDE) or (COGPE) amounts allocated to you in the applicable boxes of this section before computing the amount you may claim in your tax return. The maximum claim is computed on line 4. Enter the amount you wish to claim on line B (generally, this will be the maximum amount). Subtract the amount you wish to claim from the maximum amount to compute the amount, if any and that will be carried forward to 2015. The amount of CCEE or CDEE along with other resource expenditures (acronyms CCOGPE) from line B should be added together and used as the first line of Section III. The final line of Section III is entered on line 224 of your T1 General.

OTHER CONSIDERATIONS

This guide has been designed to offer you assistance when claiming your 2014 tax deduction from your Maple Leaf investment. There are a number of additional considerations that may be applicable to your situation. Here are a few examples:

1 The CEE or CDE election

While an investor is allowed to deduct the full renounced CEE or CDE, it is not required. As part of a tax planning strategy an investor may find it advantageous to carry forward some or all of an available CCEE or CCDE deduction and use this amount in subsequent years.

2 Cumulative Net Investment Losses (CNIL)

Utilization of tax deductions through flow-through shares may have an effect on an investor's calculations of CNIL.

3 Capital Gains Exemptions

Renounced expenditures deducted by the investor may affect the ability of the taxpayer to claim the \$800,000 capital gains exemption in respect of sales of qualified small business shares and certain farm or fishing assets, as the calculation of a taxpayer's CNIL requires an inclusion of 50 per cent of the deductions taken by the taxpayer in respect of flow-through share renouncements.

4 Alternative Minimum Tax

Alternative minimum tax may apply in a given taxation year, depending on the amount of renounced expenditures deducted by the investor.

5 Issue Costs

Investors may deduct issue costs associated with a flow-through limited partnership over a number of years subsequent to the dissolution of the partnership. These costs can be deducted on line 122 of your T1 General. To obtain a current list of issue costs for the partnership to which you have invested in, please refer to the Tax Reporting Information page of our website, www.mapleleaffunds.ca/RoyaltyIncome

6 Tax Deductions

Investors should note that in the event that the Investment Manager does not elect to invest in joint ventures in the initial year, (due to joint ventures not meeting the technical and investment criteria of the Partnership) Investors tax deductions will be deferred to the following year.

NOTE:

This is not a detailed listing of every possible tax consideration and is designed to be a general guide only. Each individual's tax and investment planning situation is unique and professional advice should always be received from a qualified tax and/or investment specialist.

FREQUENTLY ASKED QUESTIONS

WHAT TAX DEDUCTIONS CAN I EXPECT?

Maple Leaf Oil & Gas Royalty Income programs have been structured to provide investors with up to a 100% tax deduction over time. Please refer to the prospectus or offering memorandum of the Partnership you have invested in for tax deductions estimates.

WHEN WILL I RECEIVE MY T5013 TAX SLIP? WHAT IF I REQUIRE A REPRINT

Your T5013 tax slip will be mailed directly to you from <u>your investment dealer's back office</u>, on or before March 31st of each year during of the life of the Partnership. If you do not receive your T5013 or require a reprint your T5013, please contact your investment advisor and they will contact their back office on your behalf.

WHEN CAN I EXPECT TO RECEIVE CASH DISTRIBUTIONS ON MY INVESTMENT?

Maple Leaf Oil & Gas Royalty Income programs expect to pay cash distributions from the sale of its share of oil and gas produced by developed wells commencing approximately 6 - 12 months from the date of the final closing of the offering. These cash distributions will be automatically deposited directly into investors account via their dealer's back office.

HOW CAN I RECEIVE CURRENT INFORMATION ON THE STATUS OF MY INVESTMENT?

Maple Leaf Oil & Gas Royalty Income programs strive to provide the best possible customer service to investors by providing Monthly e-Updates on cash distributions, productions and revenue reports, status of drilling, and notices of liquidity. To subscribe for Monthly e-updates, please visit the News and Updates page of our website, www.MapleLeafFunds.ca/RoyaltyIncome and enter your email address in the sign up box provided. Alternatively investors can provide their email address to Maple Leaf Client Services at info@MapleLeafFunds.ca.

WHEN DOES A LIQUIDITY EVENT OCCUR AND WHAT WILL I RECEIVE AT THAT TIME?

The lifecycle of a Maple Leaf Oil & Gas Royalty Income Limited Partnership through to liquidity is expected to be approximately 3 years. In order to provide Limited Partners with liquidity, the General Partner intends to implement a liquidity event when a sufficient portion of the Partnership's oil & gas royalties have reached a stage of production stability which, in the opinion of the General Partner, allows them to be fairly valued and sold. The General Partner currently expects the liquidity event will be the sale of the investments to a publicly traded company in exchange for listed securities of that company on a tax-deferred basis. The Partnership would then dissolve and distribute these listed shares to the former investors. In the event of receiving listed securities, a tax event is typically deferred until the securities are sold.

ARE THERE ANY TAX DEDUCTIONS TO BE CLAIMED AFTER THE LIMITED PARTNERSHIP IS WOUND UP?

Initial offering expenses (Issue Costs) such as printing, Agents' fees, legal, audit, traveling, distribution, courier, marketing and sales expenses and other regulatory and filing expenses are deductible over a five-year period beginning at the time such expenses are incurred for the purposes of the Income Tax Act, regardless of the fact that the Limited Partnership's life is less than five years. Investors can expect to receive a T5013 for each year the Limited Partnership is active, including the tax year that it is wound up (the "Liquidity Event"). For the remaining years following a Liquidity Event (if any, up to 5 years) investors can refer to a 'Schedule of Issue Cost Deductions for Future Years' that will be posted on the Tax Reporting Information page of our website, www.MapleLeafFunds.ca/RoyaltyIncome. This schedule will be posted on or before March 31st of the year following a Liquidity Event.
