MAPLE LEAF SHORT DURATION FLOW-THROUGH LIMITED PARTNERSHIPS

100% TAX DEDUCTION, EARLY LIQUIDITY AND PROVEN PERFORMANCE

Maple Leaf Short Duration Flow-Through ("Maple Leaf") offers investors exclusive short duration flow-through investments. Maple Leaf is committed to providing investors with up to a 100% tax deduction, accelerated liquidity, the opportunity to convert income into capital gains on an annual basis and a well diversified portfolio of resource stocks that is actively managed by Jim Huang, one of Canada's top performing flow-through fund managers.

100% TAX DEDUCTION

Buying flow-through is one of the most compelling investment and tax planning strategies available today.

Investors, both individual and corporate, may realize a tax deduction against income of up to 100% of the amount invested in flow-through. Further, with Maple Leaf, investors have the opportunity to receive a second tax deduction through re-investment into another Maple Leaf Short Duration Flow-Through or by contributing to an RSP or donating these shares to a charity.

EXAMPLE OF TAX SAVINGS

INITIAL INVESTMENT	\$10,000
Flow-Through Tax Savings (\$10,000 x 45%) ¹	\$4,500
At-Risk Capital	\$5,500
Break-Even Proceeds ³	\$7,096
Downside Protection	29%

¹ Assumes a marginal tax rate of 45%.

² The value required to break-even on the investment, including the tax savings (assuming a 45% tax bracket) and capital gains tax.

Note:

Tax implications and the deductibility of expenses are particular to each individual investor's circumstances. Therefore, an investment in a Maple Leaf Short Duration Flow-Through should be made only after obtaining advice from a tax or financial advisor prior to purchase.

EARLY LIQUIDITY

Maple Leaf Short Duration Flow-Through strives to complete its mutual fund rollover transactions up to 1 full year earlier than traditional flow-through offerings.

Key Short Duration Flow-Through Benefits:

- Free up capital earlier to re-invest into another flow-through to realize a second tax deduction.
- Contribute mutual fund shares to RSP's (for a second 100% tax deduction) or to an RESP or TFSA up to 1 year earlier.
- Donate mutual fund shares (for a second 100% tax deduction) to a charitable organization up to 1 year earlier.¹
- Use extra tax deductions to pay down debt.
- Realize daily liquidity up to one year earlier.

¹ While the fair market value of such shares contributed to an RSP can be tax deductible, the contributor will realize a taxable capital gain on the contribution if that value exceeds his or her cost base in the shares (which may be nil).

PROVEN PERFORMANCE

Maple Leaf's Portfolio Manager, Jim Huang, managed Canada's #1 performing flow-through fund.²

Mr. Jim Huang, CFA, CGA has been exclusively retained by Maple Leaf Short Duration Flow-Through as Portfolio Manager.

Mr. Huang started his career with BBN James Capel Inc. and First Energy Capital Corp, both located in Calgary, Alberta and has extensive experience managing flow-through limited partnerships, namely Jov Diversified Flow-Through, Fairway Energy Flow-Through, Rhone Flow-Through and Alpha Energy Flow-Through.

As lead or co-manager while working at Natcan/Altamira, Mr. Huang managed or co-managed over \$2 billion in mutual funds and institutional assets, including all of the resource and equity income products in the Altamira and National Bank mutual fund families. Altamira Energy Fund, Altamira Resource Fund, Altamira Precious and Strategic Metals Fund and AltaFund (a Canadian Equity fund focusing on Western Canada) had industry-leading performance, won awards and received positive press coverage during Mr. Huang's management.

² Jim Huang was the portfolio manager of Jov Diversified Flow-Through 2008-II Limited Partnership which achieved a return on "at-risk capital" of 171.62%, (after-tax return, before capital gains tax on disposition) from October 9th, 2008 to September 24, 2009 making this the #1 performing flow-through in 2008.

FREQUENTLY ASKED QUESTIONS

What is a flow-through share?

Flow-Through Shares are common shares issued and outstanding in a company, which provide Investors with special tax benefits approved by the government of Canada in statute. A flow-through share is available to mineral, oil and gas, or renewable energy companies to facilitate financing exploration and project development activities, for work done in Canada. In return for receiving investment capital, the resource company has the obligation to "flow-through" to the purchaser of the flow-through share the tax deductions it is entitled to upon spending the funds on qualifying exploration and development activities.

What are the risks?

The Canadian resource sector is subjected to cyclical commodity price, stock volatility and other risks.

We manage risk by:

We mitigate risk by investing in a diversified portfolio with exposure to mineral, oil and gas, renewable energy, and other resource based companies. We have a Professional Portfolio Manager with 10 years experience in institutional resource based investing. Providing investors with up to a 100% tax deduction, thereby reducing an Investors "at-risk" capital to only approximately 51% of original investment.

What happens when the limited partnership is rolled over to the mutual fund?

After the mutual fund rollover transaction is implemented, the Limited Partnership will then be dissolved. The Limited Partners will then receive redeemable shares of Maple Leaf Resource Class Mutual Fund of equal value, on a tax-deferred basis.
